

NOV. 18, 2012, SLAS FIELD TRIP REPORT TO

STORMWATER TREATMENT AREA 1, WELLINGTON, PALM BEACH COUNTY

What a great day of birding the 10 members from St Lucie Audubon had birding at STA-1 in western Palm Beach County for the first time with the Everglades Audubon Society! Perfect weather; cool and sunny, made our birding time from 8 a.m. to noon a real pleasure! A great variety of birds was seen, much thanks to the guide from Everglades Audubon, Chuck Weber, for helping us spot 68 species!
